1996 BOARD OF SELECTMEN'S REPORT

Many changes will be occurring during the year of 1997. The Fire/Police Station is projected to be finished by Spring and the Highway Maintenance Garage is now completed. The efforts of the Building Committee and our Clerk of the Works, Joe Nichols, are to be commended.

Our Town Administrator, Sandy Heath, who has been with us for over nine years, will be leaving. Sandy, along with her dedicated service to the Town, will be missed. At the time of this publication, the Board has been actively seeking a replacement.

The bike path is currently being surveyed, and more information on the path will be included in the Town's first newsletter, which will be coming out soon.

Susan Webster left last year and her absence has been felt by all of us. Her many years dedicated to the Town is continuing as a member of the Planning Board and the White Oak Solid Waste District.

Bill Webb, our new Selectman, has brought many fresh ideas to the Board and has been a tremendous help throughout the year.

Harry Heath retired from his position as Town Treasurer, but continued as the bookkeeper. Thank you, Harry, for your many years of dedicated service.

Mike O'Leary is our new Town Treasurer. He has performed the tasks of his position in an exemplary way.

Robin Smith has been chosen to replace Karen Currier as the Director of the Recreation Department. Her professional approach to her new post should be recognized. Karen Currier should also be praised for her vision in seeing the need for the Town of Holderness to have its own Recreation Department and for her dedication in following through with that vision.

There were many issues facing the Board this year. The most important being the current status of the Transfer Station and the increased costs associated with operating the facility. The increased costs were the result of State regulations and were unforseen at budget time last year. The needs of the Transfer Station must be addressed in the near future.

Other issues that came before the Board this year emphasize the importance of zoning and continually reviewing and revising our Zoning Ordinance. We need to realize we are not in a static environment, and our ordinances must continually evolve to adapt to new issues. Of particular importance this year were those relating to environmental matters involving flood prone areas and watersheds. This is another area where citizen input is vital. Volunteers are welcomed on all Town boards.

The Selectmen spent a great deal of time this year working with department heads in reviewing the budget process and the various department budgets. We have watched with great interest how other area towns are facing property tax issues, and consider the area of town government one which demands a constant

and watchful eye. Our goal this year was to have the Town portion of the budget flat or decrease from prior years budgets without the inclusion of the bond payment on the new Highway and Fire/Police Facilities. The department heads should be commended in putting up with the pressures and demands placed upon them during this process. We have every confidence that they can meet or exceed these goals.

In closing we would like to extend our thanks and appreciation to all our Departments and Staff for their ongoing, outstanding performance.

We wish you all the best in this year of 1997.

Respectfully submitted,
HOLDERNESS BOARD OF SELECTMEN
Claudia Goodwin, Chairman
Steven Huss
Bill Webb

ADMINISTRATOR'S REPORT 1996

In 1996 we finalized at the town level the 106 tax abatements submitted for the 1995 tax year. 22 have chosen to appeal further to either the Supreme court or to the Board of Tax and Land appeals. Our assessing firm, Avitar, has completed listing and measuring the buildings in one section of town. Another section of town is to be done again this year. All properties in the town are to be listed and measured by 1999. This year we will have a representative from Avitar working at the Selectmen's office one day a month through the year to handle abatements and assessing issues.

A Safety Committee was established and met quarterly. The town employees have an excellent record, having only one or two minor work related injuries reported yearly. We have no pattern of repeated injuries.

The underground gasoline and diesel tanks were removed from the Town Hall property this year. The new facilities will have above the ground fuel tanks at their sites.

After nine years working for the town, I have decided it's time for a career move. It's been a pleasure working with Priscilla, Ellen and Maureen through the years. A special thanks to the Highway crew for letting me ride with them when they plowed snow. I appreciate all the help given me by the town departments and boards, answering my questions and working with me. I'm sure you will help the new Administrator as much as you helped me. To the past and present Selectmen and all the towns people a fond Thank You.

Respectfully Submitted
Sandra Heath
Administrator

HOLDERNESS TOWN REPORT CARD SUMMARY

Before existing the polls at last year's Town Election, voters were asked to complete a questionnaire grading several areas of town departments and services. A summary of the responses to that questionnaire follows.

This summaries and copies of all the questionnaires were made available to all department heads to review your grades, comments and thoughts. We hope that by improving communication between the citizens of Holderness and town departments we can identify your areas of concern and address them. In addition to identifying areas of concern, it is important to recognize performance when it is exemplary and deserved - let's call this the Holderness Department Achievement Award.

Last year you gave the Holderness Fire Department an overall score of 9.164 out of 10, and the Town Offices an overall score of 9.111 out of 10. Congratulations to Dick Mardin and the Fire Department staff and to Ellen King, Priscilla Bartholomew and Maureen Evleth of the Town Offices for earning your recognition!!!

BOARD OF SELECTMEN

SUMMARY OF REPORT CARDS FILLED OUT AT TOWN MEETING MARCH 12 & 13, 1996

Questionnaires were filled out using a scale of 1 to 10, with 1 being poor and 10 being excellent. Results were tallied only from responses to each question. If a response was left blank or filled out with a comment instead of a number, it was not used in coming us with final tally. The results are listed in order showing average score followed in parentheses by number of responses.

1. Town Roads	General Conditions	6.25 (187)
	Snow Removal	8.19 (183)
2. Transfer Station:	Hours of Operation	8.18 (168)
	Courteous and helpful attendants	8.35 (163)
3. Library (town)	General Selection of Materials	8.21 (123)
	Hours of Operation	7.62 (124)
	Assistance of Staff	9.29 (123)
4. Police Department:	Timeliness of Response to Calls	8.72 (145)
	Satisfactory Response to Calls	8.61 (142)
	Professionalism of Staff	8.81 (165)
5. Fire Department:	Timeliness of Response to Calls	9.30 (126)
	Satisfactory Response to Calls	9.16 (129)
	Preparedness of Department and Staff	9.04 (134)
6. Zoning Board:	Assistance in Handling Questions	6.54 (104)
	Ordinance and Paperwork Clear	6.21 (104)
	Courteous and Helpful	6.81 (107)
7. Planning Board:	Assistance in Handling Questions	7.31 (101)
	Regulations and Paperwork Clear	6.68 (100)
	Courteous and Helpful	7.62 (105)
8. Town Offices:	Courtesy of Staff	9.17 (187)
	Assistance in Handling Questions	9.05 (181)
9. Recreation Department:	Selection of Recreation Opportunities	8.25 (96)
	Satisfaction with Programs	8.40 (91)
	Courtesy of Staff	9.11 (92)
10. Town Beach:	Cleanliness of Town Beach	8.76 (103)
	Hours of Operation	8.53 (98)
	Courtesy of Staff	8.78 (85)
	Average of All Scores	8.19

TOWN OF HOLDERNESS
TOWN MEETING - MARCH 12, 13, 1996

At the annual Town Meeting of the Town of Holderness held on March 12 and 13, 1996, the following business was transacted.

At 8:00 a.m. on Tuesday March 12, 1996, at the Holderness Town Hall, the Moderator, Ross Deachman convened the meeting and started the reading of the Warrant. After reading Articles 1 and 2, the Moderator declared the polls open. At 7:00 p.m. the polls were closed and ballots were counted. Results were announced and winners were declared by the Moderator.

At 7:00 p.m. on Wednesday , March 13, 1996 at the Holderness Central School the Meeting resumed. Moderator, Ross V. Deachman opened the meeting with the pledge of allegiance, led by Malcolm "Tink" Taylor and by having a moment of silence for those residents who passed away during the year of 1995. Moderator, Ross Deachman asked for a motion that we dispense from reading the remainder of the Warrant and take the articles up one at a time as they appear in the Warrant. Moved by Earl Hansen and seconded by Malcolm Taylor. A voice vote was taken and the motion passed. The results of the town election which took place Tuesday, March 12, 1996 were announced by the Moderator.

Ken Sutherland, Jr. had 187
Arthur A. Morrill had 70

School Board Member from Campton for 3 years:
Laurie Donahue had 107
Peter Pettengill had 154

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed.

#1: Are you in favor of the adoption of Amendment #1 to Article III, D, 6, Determination of Soil Type, as proposed by the Planning Board for the Town Zoning Ordinance as follows: REMOVE- all of the existing wording. ADD-Tests for soils mapping to determine soil information for use in this ordinance shall be as required by Selectmen or Zoning Board of Adjustment, as appropriate. All costs for determining soils information shall be borne by the applicant. (This is recommended by the Planning Board.)

YES 227 NO 112

#2: Are you in favor of the adoption of Amendment #2 to Article V, General Provisions, Section H, Setbacks, as proposed by the Planning Board for the Town Zoning Ordinance as follows: ADD-"For any new cluster, condominiums, or similar development there will be a minimum of 35 feet between each structure, except, garages and storage buildings not exceeding 15 feet may have a minimum distance from other structures of not less than 15 feet. This is for the purpose of life safety and fire protection." (This is recommended by the Planning Board.)

YES 256 NO 85

#3: Are you in favor of the adoption of Amendment #3 to Article V, General Provisions, Section J, Sewage and Waste Disposal Systems, as proposed by the Planning Board for the Town Zoning Ordinance as follows: REPLACE the existing wording with "Construction, Development , or improvement of any structure that could cause an increase in sewage and waste disposal shall meeting all applicable State and local requirements. These requirements shall include (but not be limited to) this Zoning Ordinance, Holderness Sewage and Waste Disposal Ordinance, and the NH Department of environmental Services regulations. The most stringent requirements shall apply in cases of conflict." (This is recommended by the Planning Board.)

YES 235 NO 101

#4: Are you in favor of the adoption of Amendment #4 to Article V, General Provisions, Section P, Natural Woodlands Buffer, as proposed by the Planning Board for the Town Zoning Ordinance as follows: RETITLE-"Shorelands Protection". ADD-"To call attention to RSA 483-B this ordinance shall reiterate portions of the Comprehensive Shorelands Protection Act with the following:

a. The minimum standards only apply within the protected shoreland, The protected shoreland is all land located within 250 of the reference line of public waters as delineated by the State.

b. The following shall be prohibited:

1. The establishment or expansion of :
   -salt storage yards
   -auto junk yard
   -solid waste facilities

2. No fertilizer, except for lime or wood ash shall be used on grass areas on all existing and future residential properties.

(Should this amendment be approved the already approved existing wording will be relabeled items c&d.) (This is recommended by the Planning Board.)

YES 259 NO 88

#5. Are you in favor of the adoption of Amendment #5 to Article VII, Nonconforming Structures or Lots, as proposed by the Planning Board for the Town Zoning Ordinance as follows: ADD-"This includes repair and inkind replacement." This shall be placed at the end of the existing #1 wording. (This is recommended by the Planning Board.)

YES 212 NO 118

#6. Are you in favor of the adoption of amendment #6 to Article VII, Nonconforming Structures or Lots, as proposed by the Planning Board for the Town Zoning Ordinance as follows: REMOVE-all of existing #3 wording. Renumber sections. (This is recommended by the Planning Board.)

YES 214 NO 105

#7. Are you in favor of the adoption of Amendment #7 to Article IX, Administration and Enforcement B, as proposed by the Planning Board to the Town Zoning Ordinance as follows:

1. ADD-"Any person, persons, partnership trust or corporation intending to erect, construct, alter, demolish, or reconstruct any building or structure, shall first make application for a building permit on forms obtained from the Selectmen's office."

2. Add-"Two copies of [Site Assessment]forms as required by the NH Department of Environmental Services shall be filed with the Town clerk, one shall be given to the Planning Board, the other shall be given to the compliance Officer who shall review it with the Selectmen. This form is required by the State of New Hampshire prior to executing a purchase and sale agreement on any property within 200 feet of a public water body greater than 10 acres." (This is recommended by the Planning Board.)

YES 221 NO 122

ARTICLE 3: To see if the Town will vote to raise and appropriate the sum of nine hundred fifty thousand dollars($950,000.00) for the purpose of building a police/fire station and a highway garage; such sum to be raised through the issuance of bonds or notes under and in compliance with the Municipal Finance Act, RSA 33:1 et. seq., as amended; to authorize the Selectmen to apply for, obtain and accept federal, state or other aid, if any, which may be available for said project; to authorize the Selectmen laws applicable to said project; to authorize the Selectmen to issue, negotiate, sell and deliver said bonds and notes and to determine the rate of interest thereon and the maturity and other terms thereof; and to authorize the Selectmen to take any other action or to pass any other vote relative thereto (recommended by the Board of Selectmen and by the Budget Committee.(2/3 ballot vote required) Moved by Earl Hansen and seconded by Olive Staples. No discussion followed, a brief explanation was given by the Moderator, Ross Deachman about the voting procedure. The polls were opened and remained open for one hour. A motion was asked for by the Moderator, Ross Deachman, that once everyone in the room had a chance to vote, that he would continue on with subsequent articles. Moved by Earl Hansen and seconded by James Greene. A voice vote was taken on the motion and the motion passed. After one hour the polls were declared closed by the Moderator. The ballots were counted, there was a total of 197. There were 156 yes votes and 41 no. The Moderator declared ,that Article III PASSED by the necessary 2/3 vote.

ARTICLE 4: To accept the report of all Town Officers and Committees.

Moved by Earl Hansen and seconded by Olive Staples. No discussion followed.

A voice vote was taken and the article Passed.

ARTICLE 5: To see if the town will vote to raise and appropriate the sum of one hundred seventy-five thousand dollars ($175,000.00) to purchase the Helen Miller property, tax map 5 lot 60A on Route 3 and authorize the withdrawal of one hundred sixty thousand dollars ($160,000.00) plus interest from the Land/Building Acquisition Capital Reserve Fund. The balance of fourteen thousand dollars ($14,000.00) is to be raised from general taxation. [NOTE: A deposit of $1,000.00 has been placed on the property from 1995 funds.] Recommended by the Selectmen and Budget Committee.

Moved by Earl Hansen and seconded by Larry Gooch. The question was raised about purchasing the land if the bond issue did not pass. Larry Gooch stated he felt the land was worth purchasing regardless. Olive Staples made a motion to postpone consideration on Article V until the vote on Article III is known. Seconded by Nancy Ruhm. A voice vote was taken on the motion. The chair being in doubt, requested a standing vote. After a standing vote, the motion PASSED. After the results of the vote on Article III were announced Article V was moved by Olive Staples and seconded by Patti Biederman. A voice vote was taken and the article PASSED.

ARTICLE 6: To see if the Town will vote to raise and appropriate the sum of fourteen thousand dollars ($14,000.00) for renovations to the front of the existing Fire Station, to accommodate a new fire engine. [NOTE: This article is not necessary if ARTICLE 4 is passed.] Recommended by the Selectmen and Budget Committee A motion was made to postpone, moved by Earl Hansen and seconded by Olive Staples.

A voice vote was taken and the motion PASSED. After the results of Article III were announced ,Richard Mardin moved to pass over Article VI and it seconded by Earl Hansen. A voice vote was taken and the motion PASSED.

ARTICLE 7: To see if the Town Will vote to raise and appropriate a sum of two hundred thirty-six thousand two hundred fifty dollars ($236,250.00) to be placed in the following Capital Reserve Funds:

Highway Truck	21,000
Grader/Loader	14,000
Police Cruiser	14,000
Fire Truck	29,850
Road Reconstruction	145,000
Conservation Commission	
Land Acquisition/Easement	1,400
Sewer Reconstruction	2,000
Transfer Station Closure	2,000
Recreation Path	7,000

Recommended by the Selectmen and Budget Committee. Moved by Larry Gooch and seconded by Olive Staples. Several questions followed. A voice vote was taken and the article PASSED.

ARTICLE 8: To see if the Town will vote to appropriate the sum of one hundred seventy five thousand dollars ($175,000.00) for the purpose of a new fire engine and accessories and to authorize the withdrawal of said sum from the Capital Reserve Fund created for that purpose. [NOTE: The new engine is to replace our 1970 International fire engine which will be sold by sealed bid with the revenues to return to the general fund.] Recommended by the Selectmen and Budget Committee. Moved by Earl Hansen and seconded by Alden VanSickle. Calvin Huckins made a motion to postpone any action on Article VIII until the results on Articles III, V, and VI are known, seconded by Olive Staples. A voice vote was taken and the motion was DEFEATED. A vote on the main question was taken by voice and the article PASSED.

ARTICLE 9: To See if the Town will vote to create an expendable general fund trust fund under the provisions of RSA 31:19-A, to be known as the Forest

Fire Expendable Trust Fund, for the purpose of forest fire suppression and to raise and appropriate the sum of two thousand five hundred dollars ($2,500.00) to be placed in this fund. Any future monies received as reimbursements for forest fire suppression will be placed in this fund. The Selectmen are to be designated as agents to expend the monies in the trust. Recommended by the Selectmen and the Budget Committee. Moved by Richard Mardin and seconded by James Greene. A voice vote was taken and the article was PASSED.

ARTICLE 10: To see if the Town will vote to create an expendable general fund trust fund under the provisions of RSA 31:19-a, to be known as the Flood Expendable Trust Fund, for the purpose of life safety from flooding and repairs from flood damage and to raise and appropriate the sum of five thousand dollars.($5,000) to be placed in this fund. The Selectmen are to be designated as agents to expend the monies in the trust. Recommended by the Selectmen and Budget Committee. Moved by Earl Hansen and seconded by Olive Staples. Earl Hansen explained that the money is used for road repair and manpower after flooding. A voice vote was taken and the article PASSED.

ARTICLE 11: To see if the Town will vote to appropriate the sum of two hundred thirty five thousand dollars ($235,000) for reconstruction of a section of Shepard Hill Rd. and Coxboro Rd. and to authorize the withdrawal of said funds from the Road Reconstruction capital reserve fund. Recommended by the Selectmen and Budget Committee. Moved by Earl Hansen and seconded by Fran Taylor. Several questions followed. A voice vote was taken and the article PASSED.

ARTICLE 12: To see if the Town will vote to appropriate the sum of fifteen thousand dollars ($15,000.00) for the construction of the proposed recreation path and to authorize the withdrawal of said funds from the capital reserve fund created for that purpose. [NOTE: These funds were raised in 1995 but not expended.] Recommended by the Selectmen and the Budget Committee.] Moved by Margaret Winton and seconded by Fran Taylor. William Webb explained that the money would be used for design and the planning of the path. A voice vote was taken and the article was declared passed by the Moderator. Stanley Graton requested a division of the house. A standing vote was taken and the article PASSED. At this point in the meeting the Chair entertained a motion to limit reconsideration on Articles I through XII. Moved by Earl Hansen and seconded by Patti Biederman. A voice vote was taken and the motion carried. Articles I through XII are subject to limited consideration at this point.

ARTICLE 13: To see if the Town will vote to authorize the Selectmen to act as agents to expend monies from the following Capital Reserve Funds: Land/Buildings Acquisition, Highway Truck, Grade/Loader, Police Cruiser, Fire Truck, Road Reconstruction, Town Hall, Conservation Commission, Sewer Reconstruction, Transfer Station Closure and Recreation Path. Moved by Maurice Lafreniere and seconded by Olive Staples. A voice vote was taken and the article PASSED.

ARTICLE 14: To see if the Municipality will vote to raise and appropriate the sum of two million nine hundred eighty-one thousand eight hundred sixty-three dollars($2,981.863.00) which represents the posted operating budget. Said sum does include special and individual articles addressed. Recommended by the Selectmen and Budget Committee. A motion was made by William Webb that the sum read ($2,964,563.00), the motion was seconded by Larry Gooch. William Webb explained the reason for the difference. About $5,000.00 was put into gen-

eral government building fund, which won't be needed, the $14,000.00 was for renovations to the current fire station, and an additional $1,700.00 was added to the Police Dept. budget which is a result of a recent case which has cut into the Police Dept. budget. A voice vote was taken on the motion presented by William Webb which read $2,964,563.00 and the article PASSED.

ARTICLE 15: To see if the Town will vote to ratify an agreement between the Town of Holderness and Holderness 2000 and the State of New Hampshsire to facilitate application for, and receipt of , grant funds pertaining to the construction, operation and maintenance of a bicycle path. The agreement shall not be deemed to commit the Town to future grants or obligations of any kind without appropriate safeguards and indemnifications. Moved by Margaret Winton and seconded by Olive Staples. A voice vote was taken and the article PASSED.

ARTICLE 16: To see if the town wishes to amend the existing agreement under Section 218 of the Social Security Act by excluding the services performed by election workers for a calendar year in which the remuneration paid for such service is less than $1,000. Moved by Olive Staples and seconded by Earl Hansen. A voice vote was taken and the article PASSED.

ARTICLE 17: Shall the town accept the provisions of RSA 31:95-b providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the selectmen to apply for, accept and expend, without further action by the town meeting, unanticipated money from a state, federal or other governmental unit or private source which becomes available during the fiscal year?

Moved by Earl Hansen and seconded by Larry Gooch. A voice vote was taken and the article PASSED.

ARTICLE 18: To see if the Town will vote to authorize the Selectmen to accept gifts of personal property, other than money, which may be offered to the Town for any public purpose pursuant to RSA 31:95-e. This authority shall remain in effect until rescinded by the Town Meeting. Moved by Earl Hansen and seconded by Malcolm "Tink" Taylor. A voice vote was taken and the article PASSED.

ARTICLE 19: To see if the Town will vote to authorize the Selectmen to accept on behalf of the town gifts, legacies and devises made to the town in trust for public purposes pursuant to RSA 31:19. This authority shall remain in effect until rescinded by the Town Meeting. Moved by Earl Hansen and seconded by Malcolm"Tink" Taylor. A voice vote was taken and the article PASSED.

ARTICLE 20: To transact any other business that may legally come before the meeting. Ross Deachman presented an award to Georgene Fabian for being recognized by the office of State Planning and Lakes Region Planning Commission as one of the State of New Hampshire top volunteers. Selectman, Steve Huss, thanked Susan Webster for her six years of service. Larry Gooch, thanked the Building Committee for the work that was done by the committee. Earl Hansen moved that the meeting be adjourned and Olive Staples seconded. The article carried in the affirmative and the Town Meeting adjourned at 8:35p.m.

*Tapes are available at the Town Clerk's office.

Respectfully submitted,
Priscilla Bartholomew
Town Clerk

PUBLIC SAFETY AND ROAD MAINTENANCE BUILDING COMMITTEE REPORT

The Annual Town Meeting of March, 1996 approved the construction of a new Police and Fire Station, and a new Town Highway Department Garage and Maintenance Building. Subsequent to that meeting, the current Board of Selectmen asked the Building Committee to remain in place to oversee the design and construction of these facilities. Sue Webster rejoined the committee, which has now been in continuous existence with essentially the same membership since November of 1994.

The first month or so following the Town Meeting was spent in discussions with the Board of Selectmen, and among the committee itself, to determine how best to proceed with the two projects. The central concerns involved maximizing the value of the constructed facilities, and insuring theat the interests of the town, and its investment, would be adequately protected. With these concerns in mind, the commitee and the Board of Selectmen retained Joe Nichols, of Nichols-Renasco, as a technical consultant and owner's agent. Somewhat incorrectly described as a "clerk of the works", Joe's actual job would be to assist with contractual issues and construction documentation, to provide verification of both the quality and quantity of work for both projects, and to review and approve requests for payment. Joe performed similiar work for the School Board during the recent school building addition, and the use of his services was highly endorsed by the then chair of the School Board.

Organizationally, we decided to separate the two projects, each to be under the supervision of its own sub-committee. The approved funds were allocated between the two projects to provide a working budget for both groups. The committee chair retained oversight and responsibility for both projects, and assumed the responsibility for monitoring financial commitments as they were made.

Additionally, we would use a different approach with the two projects. The Town Highway Garage would be constructed on a design-build basis, while the Police and Fire Station would be designed by an architect, and constructed under the direction of a general contractor. Trapper Brown Corporation was approached to submit a series of design-build proposals for the Highway Department Maintenance Garage, and Ward D'Elia of Samyn-D'Elia Architects, PA, was retained to continue the design work for the Police and Fire Station.

Allen Howe chaired the sub-committee for the Town Highway Garage, and eventually assumed the role of full-time on-site owner's representative. Under Allen's direction, we sub-contracted directly for site clearing. A floor plan and contract for construction of the garage were arrived at with TBC. The final floow plan, and the shape of the building, differ from what was presented at the Town Meeting, the changes reflecting input from Allen, and the coaching of TBC with respect to controlling the economics of space enclosure.

Assistant Road Agent Wilson Earl, utilizing a rented bulldozer, grubbed and leveled the site, established the surface drainage, and readied the site for the build-

ing construction. As work proceeded on the building, the town highway department would make many contributions to the project, including clearing additional trees, re-shaping the site as required, trucking in gravel and fill to continue to build up the traffic surface, building the loading ramps at the entrances to the sand and salt shed, swapping felled trees for rough-sawn lumber, and providing the manpower to erect the sander shed.

Allen prepared sketches and construction requirements for the sand and salt shed, based on his experience with state facilities. Prices to construct the salt shed were solicited from TBC and Andy Hancock of Baker Valley Lumber, with the nod going to Andy Hancock. When the shed was substantially complete, Andrian Robie provided paving for the interior of the salt half of the shed at a reasonable price.

Throughout the project, Allen worked closely with the Highway Department regarding the location of the exterior facilities, the shaping of the site, and the actual completion of the exterior work. He successfully scrounged, borrowed, swapped for, or otherwise caused to be delivered to the site. The steel cables for tying the upper ends of the salt shed poles together; gravel, sandy fill; used telephone poles, structural sleet, timber for purlins, and salvaged metal roofing for the sander shed. He worked a full work week, plus some Saturdays and Sundays, from the onset of site work in early June through to completion in early December. He donated his considerable expertise, the use of his equipment, and a great deal of love and personal energy to the completion of this project. The breadth of its scope, and the details of its finish, are a tribute to his care and concern.

The entire Town Highway Department contributed time, energy, and enthusiasm to the completion of this project. Wilson Earl in particular shared Alan's enthusiasm and love for the work, and contributed a great deal to the project. The finished job reflects his skill with a bulldozer, his eye for slopes, cuts, and grades, his ability to handle a welding torch and stick, and a good chunck of his "spare" time.

From start to finish, TBC was extremely helpful, allowing the use of their equipment when it was stored on site, renting equipment and providing sandy fill or gravel at very competitive rates, accommodating minor changes to scope, such as water and electrical lines at the sander shed, electrical lines and lights at the salt shed, and the electrical work for the fuel dispensing tank, at modest cost.

The Town officially took occupancy of the garage on 6 December. The sand and salt shed, sander storage rack, and fuel dispensing unit, were already functional and in use as of that date.

We have achieved far more in value than we had money to purchase. While, as in any project, all is not perfect, and there remains work to be done, the town should be both pleased with the result, and proud of what has been accomplished.

The Fire and Police Station proceeded with more deliberation, and with more difficulty. A design review with both the police and fire departments reaffirmed the program elements on which the conceptual design had been based. A detailed design was started, based on the two level comcept presented prior to and at the town annual meeting, and on the budget and space parameters established just

prior to that meeting. As work progressed, a feeling of concern emerged regarding the cost of the constructed project. The decision was made to have the construction cost professionally estimated, based on the site information, schematic design, and preliminary specifications then in hand. This estimate confirmed suspicions that the constructed cost would exceed our budget.

At this point, the design was changed to put everything on one level. This was done with no reduction in overall floor space - in fact, the floor space has been increased somewhat from the numbers used at the final bond hearing. Even with everything on one level, the site was still proving to bemore difficult to work with than we had envisioned. With the costs continuing to look like they could run ahead of budget, another course change was made. In essence, we decided to involve the contractor in the process of steering the project toward a fixed budget. By doing this, we would avoid what might turn out to be serveral bid iterations. In addition, we would be employing the contractor's knowledge of economical construction techniques, materials, material sourcing, and subcontract negotiating skills, to reducing coss to the benefit of the project.

Pre.inimary proposals for a form of construction management were solicited from a selected group of contractors. We interviewed key personnel, evaluated creativity, ability, experience with similar projects, and the "fit" between each contractor, the committee, and this project. We selected Meridian Construction of Laconia, and a contract was signed for a guaranteed maximum price, **based on the plans and specifications, as they existed at that time,** and certain stipulated changes thereto, noted in the contract. The architect, contractor, and committee then began working together to refine and complete the design, and complete the specifications.

The Fire Department disposed of the cottage on the site with a controlled practice burn. A bit later, Adrian Robie pushed the old antique shop far enough away from the road, so that it too, could be burned. The two measures eliminated the cost of demolition and removal.

Site work commenced in the fall, with Hiltz Construction of Ashland subcontracted for this phase of construction. The site work, including the septic system and the drainage work carried us right up to winter - longer than we would have liked. However, the details of the structural design, which would control the production of the roof trusses, were slow in getting resolved. The upshot was that construction above grade was delayed to minimize activity on the site, while the cycle of shop drawing preparation, approval, and actual truss fabrication was in progress. By the first full week in January, construction was once again underway. The trusses arrived on the site during the second full week, and construction should move forward from this point as rapidly as the weather will allow.

We are running very close to budget on the Fire and Police Station. As a result, certain costs which were planned for inclusion in the project may be deferred. Among those are:

The demolition of a portion of the existing fire station, some portion of the paving around the new station, a storage mezzanine in the apparatus bay, addition of a diesel fuel dispensing unit at the fire station (the pad and the conduit are

included in the work being done now), and certain non mission essential interior equipment and furnishings in both the police and fire stations. In addition, we propose to spread out the cost of a fixed standby emergency power generator by entering into a lease purchase agreement for the unit. This approach will be proposed for approval at the coming town meeting.

In summary, with careful management, and the cooperation and effort of all involved, we will be able to complete the construction of a new Fire and Police Station that meets all of the functional objectives established during the design development stage. The Building Committee is now in the final stages of that work. Job progress meetings are held weekly with the contractor, usually on Wednesdays at the old fire station. Care in the execution of the work, and attention to detail in the finishing, have a great deal to do with the quality of the final product. We intend to continue to maintain the level of involvement necessary to insure that the town obtains the best possible results from this project.

HOLDERNESS POLICE DEPARTMENT 1996 REPORT

Nineteen ninety-six will be a year not forgotten by the members of the Holderness Police Department. In February we were involved in a major investigation of child abuse which received national exposure. The "twin baby shaking case" brought out the best in our department at the very worst of times. The case is scheduled for trial in the Grafton County Superior Court in 1997.

March brought with it the approval of a new public safety building at town meeting. The department would like to thank the townspeople for supporting the need for change and improvement, and also to the building committee for their time and effort in making this long time goal a reality.

There were some internal changes made in 1996. With the resignation of our secretary the decision was made to eliminate that position and move an officer into an administrative capacity. Officer Mark Nash was appointed to that position in December. Not only does this change extend the office hours of the police department, but it will also allow Officer Nash to focus on juvenile issues, criminal investigations, case prosecution, and the administrative duties of the office. By "downsizing" we have cut costs, added services, and increased efficiency.

As we move into 1997, the department is focused on bringing the new police station up to speed. Our goal is to provide the community with a professional police operation while also maintaining a comfortable atmosphere for those seeking our services. We encourage your visit to the new station and we look forward to seeing you.

Please be advised that in case of an emergency you should dial 911. The 968-3333 line no longer fields emergency related phone calls, it is an office line.

I would like to thank the entire staff of the Holderness Police for their continued efforts and dedication, the Board Of Selectmen, Budget Committee, and townspeople for your ongoing support and feedback. We wish you a safe and joyous new year.

Respectfully Submitted,
Chief Ty H. Gagne

Mission Statement

We are dedicated to providing the citizens of Holderness and all of those who visit our community with unparalleled safety, service, and support while maintaining the highest level of personal and organizational integrity, fairness, and professionalism.

SIXTY-FOURTH ANNUAL REPORT OF THE HOLDERNESS FIRE DEPARTMENT - 1996

There is no doubt that the proper characterization of 1996 for the Holderness Fire Department is "the end of an era". February marked the passing of 64-year member Ken Hawkins, one of the 16 charter members of the Department in 1932. (Ken was 76, so the arithmetic makes it obvious that he was really too young to be a fireman in 1932, but back then that didn't seem to matter.) Other charter members included his brothers Roger and Kip, the latter serving 30 years as Chief. But rank never concerned Ken; he was satisfied with endlessly contributing in his own way. Saying that Ken spent his life in the Fire Station is almost literally true, because as a child he attended school in the "Bridge Schoolhouse"—the back, wooden portion of the present Fire Station. Ken's unique and generous personality is greatly missed by all of us who served with him in the Fire Department, and it's fair to say that he is irreplaceable...after all, who else could we talk into always wearing purple socks?

The other component of "the end of an era" involves the Fire Station itself. The HFD has been housed in the same location for the past 40 years after moving from the former Kip and Joe's Garage (now Owl Brook Boatworks) in 1957. The "school house with a garage tacked on the front" has served the Town well, but quite some time ago many townspeople recognized that we had outgrown the cramped quarters and that pouring money into the old structure did not make good sense. The purchase of the Helen Miller property and the passing of the bond issue at the 1996 Town Meeting assured that the idea of a new Fire/Police Station will become a reality. There have been a few snags in the progress of the new facility, but it should be substantially complete before the summer of '97. The members of the Building Committee chaired by Larry Gooch deserve a lot of credit for their diligent efforts in all phases of the project, including the ongoing task of seeing the construction through to completion. We anticipate that the new Fire/Police Station will be adequate for the Fire Department's needs for at least the next 40 years.

Most residents are aware that "911" service went on line in July of 1995, but the State of New Hampshire has not finished the 911 map of Holderness. The issuing of a unique numbered address to every building or parcel of land will occur only when the State is done. Even without the numbering system in place, the 911 reporting system has several advantages over the old method—including the feature that allows a 911 operator to immediately know from where an emergency call is coming.

We wish to thank the townspeople of Holderness for their continued support—and especially for funding the new Fire/Police Station. The new facility should be a functional and attractive addition to the Town ... a great way to usher in a new era.

Respectfully submitted,
Tom Stepp, Clerk

REPORT OF THE FOREST FIRE WARDEN

The weather in 1996 presented unusual conditions relating to the spread of forest and brush fires. During the normal Spring periods when the snow is gone and foliage has not filled in we have had rain and soggy weather. After the greening has taken place, it is unusual for fires to ignite and spread.

During the Fall when the leaves fall and foliage dries out, we again had lots of rain. The result..Holderness did not experience a forest or brush fire during the entire year. This has not occurred for many years, and we consider ourselves fortunate.

The permit process continued with the Warden issuing 98, the Deputy 36, and the Town Clerk 111. Annual training for the Wardens was held by the State in Campton on March 21, and the cost to the Town was $102.00.

We again thank the people of Holderness for their cooperation in the required permit process, and for keeping our Town fire safe in 1996.

Respectfully,
Richard Mardin
Forest Fire Warden

REPORT OF TOWN FOREST FIRE WARDEN & STATE FOREST RANGER

To aid your Forest Fire Warden, Fire Department and State Forest Ranger, contact your local Warden or Fire Department to find out if a permit is required before doing any open burning. Violations of RSA 227-L:17, the fire permit law and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines up to $2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

There are ten Forest Rangers who work for the N. H. Division of Forests and Lands, Forest Protection Bureau. State Forest Rangers are available to assist communities with forest fire suppression, prevention and training programs as well as the enforcement of forest fire and timber harvest laws. If you have any questions regarding forest fire or timber harvest laws please call our office at 271-2217.

The State of New Hampshire operates 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid in the quick response from local fire departments.

RECREATION BOARD 1996

Holderness Recreation looks back at 1996 with introspection and pride. The year brought with it many changes, additions, as well as improvements over the previous year.

We have made efforts to offer additional recreational opportunities to not only our younger community members but our adult members as well. Additions include; computer courses, preschool summer daycamp, CPR, an additional ice hockey group, archery, summer roller hockey, as well as an outing club.

The six-week summer daycamp was a success as its enrollment was increased to forty-nine youths per two-week session. The daycamp offered a variety of activities to the three age groups. These activities included; swim instruction, camp outs, hikes, a variety of field trips, traditional activities, as well as a summer dance.

Holderness Recreation continues to affiliate itself with area recreational organizations as well as many state and national organizations. Holderness Recreation is a member of the NH Recreation and Park Association, The National Youths Sports Coaches Association, and the NH Municipal Association.

Promotional flyers, advertising recreational offerings, are mailed out on a quarterly basis. Updates and reminders are distributed throughout the local schools and posted in public locations. Local radio and newspaper advertisements are utilized in hopes of generating interest and informing Holderness residents of opportunities.

A major change occurred in 1996 when Director Karen Currier resigned after four years and Robin Maconochie-Smith was hired as her successor. Karen was initially a co-founder of the department before she was hired as director. She devoted a great deal of time and commitment to making Holderness Recreation a success. The board wishes to extend sincere gratitude for Karen's hard work in the development of the department. You will be missed! In 1996 the Recreation Board also voted to add Tom Stepp as an additional alternate member. Revenues generated and returned to the general fund for 1996 were $18,575.45, leaving a net cost to the Town of $8,174.35.

Holderness Recreation appreciates the work of the Friends of Holderness Recreation. Through fundraising efforts and volunteer time, they provided daycamp scholarship funds, sponsored the Halloween party, the Christmas party, as well as, provided a generous donation to the forthcoming Holderness Central School playground. Thank you for all your efforts, you also will be missed!

Additionally, Holderness Recreation wishes to thank the many individuals, businesses, organizations, and area schools for their unselfish interest and dedication in helping to secure recreational opportunities for the residents of Holderness.

We look forward with anticipation to the coming year and hope we can continue to meet the growing recreational needs of our active community.

HOLDERNESS FREE LIBRARY
1996 TRUSTEES REPORT

The Trustees of The Holderness Free Library are deeply grateful for the help and support given to the library by many volunteers and the Friends of the Library group during 1996. Their valuable assistance has helped the Trustees to keep within the budget and has increased efficiency of the library directors.

At a special meeting held in August the Trustees developed a mission statement, a comprehensive list of needs for the library, and established both long and short term goals. This has resulted in the formation of three committees to target the areas of Policy. Administration, and Building and Grounds. We are still wrestling with the issue of providing improved access for handicapped patrons and are holding off on a final plan until all needs of the library have been addressed. These also include roof repairs and better utilization of space, as well as conversion to bar-coding for computerization of the collection in keeping with state recommendations. Our goals are dictated in part by the technological revolution sweeping the country and by the steady increase in patronage of the library.

Two Memorial Funds have been established during the year to honor Terry Closson, husband of former Trustee, Crecia Closson, and Laurence B. Fisher, son of Trustee, Nancy W. Grady. As these accounts are still growing, the specific use of the funds has not yet been determined.

Beginning in January 1997, The Holderness Free Library with join over fifty-six other libraries within New Hampshire in administering our own finances. This change in account management will save time and increase efficiency for both the town and the library.

Respectfully submitted,
Board of Trustees:
Gary Cripps
Nancy Grady
Janet Hunt-Hawkins
Jane Huntoon
Susan Stepp

LIBRARY HOURS:
Mondays, Wednesdays and Saturdays - 10 am to 6 pm
Summer: same, plus Fridays - 2 to 8 pm

ACTIVITIES:

Mary DeLashmit continues as Librarian. Linda MacNeil continued as our summer Friday evening worker, and worked other times as needed. Tina Hobart was hired on a part-time basis this year to fill in for Jane Blaine for four months, but Jane is back with us again now.

We have obtained more CD-ROMS for our patrons' computer, thanks to gifts as well as purchases. It continues to be one of the most popular items in the library.

Summer Story Time this year had an attendance of over 100 children. We thank all our volunteers who helped out with the reading! About 94 children also enjoyed reading some fun and interesting new books during our Summer Reading Program, "Reading—the Best Game Around". The theme was picked to coordinate with the Summer Olympics being held in our country this year. We thank the McDonald's restaurants in Plymouth and Meredith who again offered coupons for books read, which were a big draw for the kids.

Our annual Friends Plant, Book and Food Sale this year went very well—as usual. Some new computer CDs and books were obtained with part of the money earned. Crafts Day patrons made Christmas wreaths and swags using greens provided by our Friends of the Library. We also learned to make some lovely Christmas decorations with the help of Lila Heath and others. Thanks go to all those who helped make our activities such a success!

Mary DeLashmit
Librarian

HOLDERNESS HISTORICAL SOCIETY REPORT 1996

Our building program enters its fourth year. We look at 1996 as a giant step towards completing our move. Roger Gage was the clerk of the works, and imagine all that was accomplished! Water, electricity and heat now serve the building. The basement level community room, kitchen and lavatories are ready to serve as a program area. Community groups are invited to make use of this space as well.

The museum level behind the entrance doors has been painted and is ready to be decorated and receive the items stored, thanks to Doris Graton. The attic area needs to have the floor laid before it can serve our storage needs. Vendors and the Meredith Village Savings Bank have contributed over $5,000 by discounting their bills. We thank you.

The Meeting House and the community room are beginning to shape our programs. A successful auction under the leadership of Gerry Love will continue in 1997. We hope to have old road signs to add to the auction. We want to acknowledge the wonderful chicken barbeque dinner - donated by Alex Ray, who served over 125 guests after the auction. House Tours continue to draw 30 people. We are beginning to establish our files and archives. Hopefully, old timers will share letters, pictures and items of interest. The Society was pleased to host a social following the lighting of the post office Christmas tree.

We plan to completer the Capital Fund Drive in 1997. Since 1994 we have received $53,000 in cash gifts. Our goal is to raise an additional $45,000 to reduce all loans and to complete the transition.

The interest and support by the Holderness community is deeply appreciated.

Respectfully submitted for the Directors
Sidney Lovett

MEMORIAL DAY OBSERVANCES

Those attending our Memorial Day observances since 1994 have noticed a change in the parade route. Units no longer muster in front of the fire house. Instead they form up at the base of Shepard Hill along Route 3, proceed to the bridge where the nation's Naval dead are honored, then turn down Route 113 allowing motorized units to continue on. This has made a far safer situation bringing the town into closer compliance with a State Police request not to tie up Route 3 for such long periods. In the past, holiday weekend traffic has been backed up almost to White Oak Pond!

At the gate to the cemetery just off Route 3, units gather next to pay tribute to those who gave their lives while fighting on and over the land. Taps is played, then the National Anthem is played followed by Bob Grady playing a slow lament on the bagpipes.

Plans in 1997 call for inviting either the Green Mountain Highlanders or New Hampshire Police Pipe Band, a financial burden to be shared with other nearby towns. Local civic and Scout units will also be invited to march.

Finally, your organizers need to find new and innovative ways to involve more of our young people! Many of them have been born since Vietnam and while the nation has remained at peace. They have a difficult time grasping what a real war is like ... and the ultimate sacrifice in giving one's own life for our nation. We need to work on this!

Meanwhile the 1997 date for Memorial Day is Monday, May 26. Since New Hampshire has adopted the national holiday there has been far less confusion by the public.

Malcolm (Tink) Taylor
Parade Marshal

ZONING BOARD OF ADJUSTMENT - 1996

Because most of the requests for Variances we receive are for septic systems on difficult lots..ledge, shorefront, steep topography, for our February meeting, the Board invited Ken McDonald from the Department of Environmental Services to review with us the recent changes in State requirements, and how to "mesh" those requirements within the framework of our Town Zoning Regulations. His information was most welcome regarding two particular appeals before the Board in the Spring of 1996.

For our March meeting the invited guest was Piere Kraft-Lund, Planner from the Lakes Region Planning Commission. He reviewed for us the various criteria involved in Variance Appeals, particularly relating to the evaluation of the "hardship" requirement. Also discusses was the importance of site inspection "walk-overs". This Zoning Board does require an on-site inspection on almost all cases requiring side-line variances. This procedure is an invaluable assist in making fair decisions.

During the calendar year of 1996, this Board received nine appeals, which were decided as follows:

Four cases requested variances for septic system installations. All were eventually approved after site inspections. One appeal of an Administrative Decision, as regards roof repair and alteration of a roof-line on a non-conforming lot was also approved. Seasonal Conversion for a lakeshore cottage with a recently installed septic system was approved, as well as variances for installation for two drilled wells.

The Irving Gas Station was denied a variance for square footage of signs in excess of that allowed by the Zoning Ordinance.

The Zoning Board usually meets on the 2nd Tuesday of each month, unless other municipal meetings intervene. Meeting dates, and "deadline" for submission of Appeals is posted at the Post Office and at the Town Hall.

Olive W. Staples, Chairman	Adam Tatem
Harry Decker, Vice-Chairman	Ronald Huntoon
Priscilla Farrell, Clerk	Michael Hyland, Altn.

HOLDERNESS PLANNING BOARD

1996 was a relatively quiet year for the Planning Board. With the existing numbers of lots in town there seems little pressure to subdivide. We did process several Site Plan Reviews. The most notable of them probably being the Holderness Irving gas station on route 175A. They replaced their existing underground tanks with some that are much more securely anchored in the ground and hopefully much less of a hazard to the environment. The Board also worked with some sites to establish a "base line" of what is presently existing in preparation for possible future change or expansion.

The Board was taken to court over a decision it made regarding the Howe gravel it on route 113. The court stayed any further excavation of the pit until such time as further hearings are held. Actually it was not the Boards decision that was as much in question before the court as it was the authority of the Board to take any action at all. The wording in the law that governs gravel pits (RSA 155-E) is not the clearest in the world. There is some vagueness in the law and the Board felt that we were within our rights to make decisions regarding the pit. Others (not the pit owners) felt otherwise and we went to court. We haven't heard whether we were correct or not but meanwhile the pit may not excavate.

Starting last summer the Board held several meetings with the Selectmen, the Zoning Board of Adjustment, the Conservation Commission, and others. They were all very helpful in providing input towards improving our Zoning Ordinance. The Planning Board, using the input from those that came to the meetings, is recommending that the voters adopt the 6 proposed amendments to the Holderness Zoning Ordinace. These amendments are within the spirit and guidelines of the Master Plan adopted by the Town and will hopefully help guide us in the direction you want to see for the town.

The Board with the approval of the Selectmen and the budget committee have requested money to hire a group from the University of New Hampshire to review the town roads and give us a report on their condition and a recommendation of improvements needed. This is a project we try and do every ten years or so. The UNH report, along with comments from the highway department, is very helpful to the board in assisting us to make recommendations for road improvements to the Selectmen. It is highly traveled road in poor shape to the lesser traveled road in terrible condition.

On this years warrant will come a question on the acceptance of Lane Road as a town road. The Planning Board approves of the acceptance of this road, as per RSA 674:40, under the conditions laid out be the Selectmen (primarily that a betterment assessment on the effected lots reimburse the town for improvements to the road and that the entrance of the road off of Coxboro road be relocated.) We recommend that the voters of the town vote in the affirmative for the road acceptance and for the expenditure of funds as requested by the Selectmen.

We do have two continuing problems;

1. There is a need for members on almost all boards and committees. Please let the Selectmen know that you will be willing to put in your time and be a part of our town.
2. Very few people show up to observe the meetings of the various boards. Have you ever been to a regular Planning Board meeting, or a Selectmen's meeting or a School Board meeting? All of these meetings and others are posted on the bulletin board at the town hall and at the post office. Please come, we can use your input.

Respectfully,
Earl F. Hansen, Chairman

HOLDERNESS CONSERVATION COMMISSION ANNUAL REPORT 1993

The major activities of the commission in 1993 revolved around the three town conservation properties. In early May with the assistance of students from Plymouth State College, the commission cleaned up portions of the Pemigewasset Riverside Park. Although not all the rubbish was removed, the piles of materials that were collected by the end of the day were substantial. The commission contracted with Mr John Downing to haul the materials to the town transfer station.

In June the commission sponsored a trail building day at the Pilote Forest. The new trail goes from Beede Road, just adjacent to where the road passes over the brook, to an old log yard located about a third of way into the property. A series of logging roads radiate away from the log yard, and the commission hopes to work on some of these to continue the trail to the upper reaches of the property.

During the late summer commission members cleaned up portions of the Town Forest adjacent to Beede Road. About 40+ tire carcasses were removed from this location and from the Pemi Riverside Park. The commission requests that town residents use the transfer station to get rid of their tires and not the conservation properties. If you do see people dumping trash on any of the properties, please call the town office.

Mr Jim Hersey of the US Soil Conservation Service visited the Town Forest property in October and gave the commission suggestions as to how to re-vegetate areas of the forest that were previously stripped of top soil. The commission plans to follow his suggestions in the spring.

This fall the commission contracted with Arlan Construction to build a small parking lot at the Town Forest. This is now completed will provide parking for visitors to either the Town Forest or the Pilote Forest.

The commission has just about completed work on management plans for all three properties, and hearings on these plans will be held in the spring. The major stipulation of all plans is to restrict use to day-use only, unless special request is made of the commission. The commission wants the properties to be used by town residents, but at the same time asks the users to be respectful of each of the environments, and to please carry out whatever materials you carry in.

The commission continues to deal on a regular basis with items related to docks, wetlands permits, etc. We have worked with and will continue to work with the town Master Plan Committee. The commission completed the rough draft of the chapter on conservation that will appear in that document.

The commission meets every second Thursday at 7:00 pm in the town hall. Special meetings and field inspections are held in between regular meetings. The commission would like to recruit new members and if you think you have an interest in what we are doing, please talk to the Selectmen or the Chair of the commission. All proceedings of the commission are open to the public and we welcome all comments and offers of assistance.

Kevin Frank	Tink Taylor	Scott Pulsifer
Jim Nourse	Jack Saunders	Larry Spencer, Chair

LAKES REGION PLANNING COMMISSION 1996 ANNUAL REPORT

The Lakes Region Planning Commission is a voluntary, non-profit association of local governments formed for the purpose of bringing are municipalities together. By associating and pooling resources, local governments have access to a highly trained professional staff for a wide variety of services. The LRPC works to benefit the member communities and the region overall. The LRPC has expertise in land use and transportation planning, master planning, environmental planning, capital improvement programming, economic and community development, housing, fiscal and environmental impact analysis, geographic information systems, household hazardous waste collections, engineering and site plan review. Circuit rider planning and public facilitation services are also available from the Commission.

Your support helps the LRPC maintain a regional presence working on behalf of all local governments in the Lakes Region. Over the past year the LRPC:

- Provided consultation and technical assistance to thirty-one member communities.
- Co-hosted three public Municipal Law Lectures where practicing attorneys provide a legal perspective on local planning, zoning and other municipal issues.
- Presented a public workshop for local land use and select boards on home occupations where attorneys and planners participated in a panel discussion on this rapidly growing economic and land use activity.
- Convened a public workshop on the basics of planning for planning board members and others who need an introduction or refresher seminar on the dynamics and responsibilities of the local planning process.
- Convened four public meetings to receive public comment as part of the update to the Lakes Region Transportation Plan. The Transportation Plan is the policy document which supports additions to the regional and state transportation improvement programs.
- Completed Phase 2 of the Route 16 Corridor Study and initiated work on the analysis and recommendations aspect of Phase 3.
- Represented the Region on the N. H. Heritage Trail Advisory Committee.
- Continued to update the regional land use map using geographic information system technology. Land use for Franklin, Laconia, Gilford, Tilton, Meredith and Hill was completed last year, more communities will be added in the next year.
- Continued to support area economic development policy as a board member of the Belknap County Economic Development Council and Newfound Economic Development Corporation Mitigation Fund Advisory Committee. Applied for regional funding to support economic development from the NH Community Development Finance Authority.
- Produced and distributed newsletters focusing on planning topics and issues relevant to the Lakes Region.

- Represented the region in discussions leading to the construction of an access road to Governor's State Park along Lake Winnisquam as a member of the Governor's State Park Advisory Committee.
- Served as the Lakes Region's data clearinghouse for U. S. Census, demographic and statistical data. These data are available to community officials and the public.
- Retained regional interest in locating a state sponsored conference facility in the Lakes Region.
- Developed public information materials, e.g., brochure, display, draft map guide and slide shoe, as part of a major effort to educate the public about nonpoint source pollution in the Lake Winnipesaukee watershed.
- Provided support to the U. S. Americorps staff who focused on working with local land owners on issues related to water quality and land management.
- As part of the NH Rivers Management and Protection Program, the LRPC contacted study area towns to establish the Pemigewasset River Advisory Committee.
- Performed substantial work on a report that compares single-day household hazardous waste (HHW) collections with permanent HHW collection facilities.
- Established subareas of the Lakes Region as forums to discuss regional planning issues.
- Coordinated the 12th annual Household Hazardous Waste Collection, the largest single day, multi-site collection in New Hampshire.

We look forward to serving Holderness in the future. Feel free to contact us at 279-8171 whenever we can be of assistance.

COMPLIANCE OFFICER'S REPORT
1996

Office Hours for the Compliance Officer are: Monday & Wednesday..8:00 AM to 12:00 PM at the Town Hall. Tel. no. 968-9954

Applications Reviewed	116
Permits Issued	110
Permits Denied	12
Variances Rec.	6

Respectfully submitted,
R. E. Mardin
Compliance Officer

WHITE OAK SOLID WASTE DISTRICT REPORT

1996 was a year of change for the Transfer Station, the most noticeable being the limiting of allowable material to be burned. The end result was a 2/3 rd increase in construction/demolition loads that had to be paid for, which included cardboard, as well as, treated wood and mixed material items. Paying for this increased tonnage steeply increased costs to the Town.

The Town is looking into responsible solutions to reduce the amount of "demo" loads, while still providing services to transfer station users. Space is at a premium, so options are limited.

Recylcing uses much of the available space, with tires, shingle bunkers, white goods and the burn area. Any expansion at this site is not possible, as it is in close proximity to a prime wetlands.

Any major change in the facility should look at a different location. At that time, the mandated landfill closing program will be a substantial expenditure. Meanwhile, improvements will be made as needed to help make the transfer station cope with on-going changes in the community of Holderness.

Respectfully submitted,
Susan Webster, Chairman
White Oak Solid Waste District

1996 OVERSEER OF WELFARE REPORT

In 1996 the town helped 30 families. Rent and fuel assistance was required the most. The Whole Family Center in Plymouth is a great help to us. They know of and have the resources to help with most problems.

Our Fire Department helped again with Christmas needs. I had three families contact me wanting to do something for the lonely or needy at Christmas time. These are very thoughtful and much appreciated gestures. Thank you.

Respectfully submitted
Laura Heath

INTERLAKES DAY CARE CENTER & NURSERY SCHOOL 1996 REPORT

On behalf of the Board of Directors, I would like to thank the Town of Holderness for their continued financial support to our agency for residents of Holderness. This support is greatly appreciated.

Inter-Lakes Day Care Center, Inc. is a private, non-profit fully licensed, non-denominational, tax exempt community child care agency incorporated in October 1971, and governed by a volunteer Board of Directors. In the exercise of its' charter powers, the Agency aims to promote child development and family support for working parents through comprehensive infant, toddler, preschool, and school age curriculum developmentally appropriate for the children through twelve years old.

Our Center is open on a year round basis from 6:30 AM to 5:30 PM in one site and 6:00 PM in the other, making it possible for parents to maintain employment. Services include full and part time child care, morning preschool programs, summer day camp programs, and U.S.D.A. approved hot meals and snacks. Through the State of New Hampshire under Title XX sliding fee scale tuition, based on income level and family size, is available for purposes of employment, training and pursuit of degreed or certificate programs, job search, and temporary disability.

Additional services include sponsorship of the Inter-Lakes Family Daycare Nutrition Program, a group of 43 licensed home day care providers who receive federal reimbursement from U.S.D.A. by serving approved meals and snacks while providing care for children of working parents.

PEMI-BAKER HOME HEALTH AGENCY ANNUAL REPORT

Home Care in this country is a diverse and rapidly growing service industry. Over 18,500 providers deliver home care servicesto 7 million individuals who receive such services because of acute illness, long term health conditions, permanent disability, or terminal illness. Care is provided to those who are essentially home bound.

- In April we moved our office to the Whole Village Family Resource Center.
- New board members elected in 1996 are Marjorie Glidden, Ashland Alternate; Karen Norris, Ellsworth Representative; Michael Long, Plymouth Alternate; and Eileen Pelbring, Waterville Valley Alternate.
- 1996 was the first year that our agency held an Annual Fund Campaign. Fletcher Adams, President of Pemigewasset National Bank, was our Honorary Chairperson. The goal chosen was $19,670 to honor the year, 1967, the agency opened its doors for business. We are in hopes of exceeding our goal and look forward to fundraising endeavors in 1997.
- Pemi-Baker Home Health will be working with Dartmouth Hitchcock on a research project to develop standards and outcomes in Hospice programs. It is the first such reasearch project in the country.
- Another Hospice Volunteer Education Session was held from September through November and eleven volunteers completed the course.
- The Agency is actively involved in the process of Joint Commission on Accrediation of Healthcare Organizations (JCAHO). JCAHO is an organization that provides standards to assess and improve processes relating to quality patient care and has been accrediting hospitals since the 1960's. Accreditation is quickly becoming an important and necessary factor in the homecare industry. This process is expected to take a minimum of one year.
- The Pemi-Baker Home Health Agency continues to be actively involved in the local community and, in addition to free blood pressure checks, diabetic screening, and immunization clinics, we have co-sponsored and eight week course "Financial Empowerment for Women," attended the Gunstock Health Fair, Holderness Health Fair, and the Plymouth Regional High School Health Fair. We co-sponsored a Hospice presentation on grief and loss with Rabbi Grollman, participated in the summer fair a the Whole Village Family Resource Center, and participated in the "Living with Health & Wellness" cancer series sponsored by Speare Hospital. We held two free dental clinics the year with the volunteer efforts of Dr. Troy Schrupp.
- Our Pediatric Nursing and Psychiatric Nursing programs continue to grow in scope and provide a much needed specialty service.
- As we plan programs with the Parent Child Program of the Whole Village Family Resource Center, we hope to expand our Parenting Programs, Free Dental Clinics, Well Child Program and Nutrition services.
- Did you receive your Agency newsletter? We have produced two newsletters, "Home Sights" and the response has been overwhelmingly positive.

The following services are offered by the Pemi-Baker Home Health Agency:

Skilled Nursing	Physical Therapy
Speech Therapy	Occupational Therapy
Social Worker	Home Health Aide
Homemaker	Hospice
I.V. Therapy	Family First Program
Companion Referral Service	Psychiatric Nursing
Immunization Clinics	Pediatric Nursing
Health Promotions/Evaluations	Parent Support Group-REACH
Parent Aide Program - H.A.P.I.N.	Nutrition Visits
Well Child Program	Newborn Visits
Blood Pressure Clinics	Annual Flu Clinic
Diabetic Screenings	Office Blood Pressure Checks
DNR Program	DNR Braclet Program

Sponsorship of the Plymouth Area Ad Hoc Committee on Youth at Risk

Visits to the town of **HOLDERNESS** in 1996 totaled 2425 and breakdown as follows:

Skilled Nursing:	668	Occupational Therapy:	16
Physical Therapy:	263	Home Health Aide:	1330
Speech Therapy:	-0-	Homemaker:	124
Social Worker:	18	Well Child/Nutrition:	6

The Pemi-Baker Home Health Agency has submitted a request to the Board of Selectmen for a 1997 appropriation in the amount of $7576.80. This represents a per capita amount of $4.40 based on our town's most current population as reported by the Office of State Planning in Concord.

Respectfully submitted,
Jean Lovett, Holderness Representative
Pemi-Baker Home Health Agency
Board of Directors

PEMI-BAKER YOUTH & FAMILY SERVICES COUNCIL, INC.
1996 ANNUAL REPORT

The Pemi-Baker Youth & Family Services, Council, Inc. is an organization that is dedicated to promoting community-wide approaches which aid in the development of healthy youths and their families. The Council currently coordinates four programs which are available to people in Eastern Grafton County (Lincoln to Alexandria):

1. **Juvenile Court Diversion** - a voluntary program for first time juvenile offenders which holds them accountable for their actions without going to court. The Diversion process involves the participants with volunteers from the community who develop a contract with each youth and their family. Contracts may include community service, referrals to other human service agencies and programs, personal development tasks, etc. We have found that, of the 39 students who graduated from Diversion in 1995, more than 89% have not committed a subsequent offense since.
2. **The Challenge Course** - a 15-hour early intervention program for teens which focuses on issues surrounding alcohol, tobacco and other drugs. Courses are non-judgemental and confidential. Teens in the small groups are asked to assess their relationships with these substances and learn what they can do to reduce their use or stop using entirely. Additional topics of discussion include high-risk behaviors and HIV/AIDS education.
3. **Information and Referral** - provides area residents with a clearinghouse of information on regional human service agencies and programs. People with a variety of needs can receive free and confidential assistance on how to access these resources. Callers in the past have requested information on how to report suspected child abuse, how to access public assistance or counseling services, where to find after-school activities for children, etc. The Council also publishes a comprehensive **Guide to Community Resources** for use by towns, police, schools and other human service providers.
4. **The Rated PG Program** - a new program for parents and guardians who would like to receive more information about alcohol and other drugs. The program discusses how to talk with their kids about these subjects without running into a brick wall. It also provides information on what they and their children can do to reduce the risk of ever experiencing an alcohol-related health or impairment problem.

In the past year, the Council; has become one of the agencies working together in the Whole Village Family Resource Center; continued to co-write the semi-monthly "Families First" column in the **Record Enterprise**; provided administrative support to the 5th Annual Conference for Parents; and, involved in the eighth grade students at PES in the Middle School Challenge Course.

In addition to the programs listed above, in 1997 we will also be: coordinating a conference for all 200 eigth graders in SAU#48 and Ashland; expanding our presence in the Lincoln, Newfound and other areas; and, organizing several other

exciting projects in the 17+ communities we serve.

Total service figures for the Council in 1996 are as follows:

Juvenile Court Diversion	27
Challenge Course	11
Information and Referral	122
Middle School Challenge Course	60

Respectfully submitted,
Steven P. Bradley
Executive Director

THE TASK FORCE AGAINST DOMESTIC AND SEXUAL VIOLENCE

On behalf of the Task Force Against Domestic and Sexual Violence, I would like to thank you for your past support. During 1996, your contribution helped 364 clients that the Task Force served. This includes 58 women and children that were housed at the Task Force shelter. The following Task Force services were provided free of charge:

* 24 hour crisis line staffed by trained volunteers
* Confidential emergency shelter, food and transportation.
* Support groups for domestic violence survivors.Separate support groups serve adults and children.
* Hospital and police accompaniment. Court and social service advocacy.
* Community education programs for schools, civic organizations, etc. Training programs for volunteers, law enforcement, and other professionals.
* Peer education programs in area high schools, covering domestic violence and building healthy relationships.
* Walk-in office at Whole Village Family Resource Center.

This year we are requesting $1200 from the Town of Holderness to further support our services to both adult and child victims of domestic and sexual violence. The amount requested is based on town population from the 1990 census.

Thank you again for your continued support.

Sincerely,
Amy Gilsdorf
Administrative Director

TRI-COUNTY COMMUNITY ACTION
1996 COMMUNITY CONTACT REPORT

Community Contact (formerly Outreach) is the field services are of Ti-County Community Action. Our purpose is to assist low-income, elderly and handicapped persons to solve problems and to meet their physical and financial needs. Community Contact staff accomplish this purpose by providing information, counseling, referrals, guidance, organizational assistance, and by effectively linking households with CAP assistance programs and utilizing community resources.

Last year the following direct financial assistance was provided by the CAP Community Contact Progress Program in Holderness

	# households	Amount of direct assistance
Fuel Assistance 1995-96	31	$11,008
Weatherization	1	1,435
FEMA Vouchers	3	304
Homeless Voucher	2	499
Total Direct Assistance		$13,246

We also provided these services to the community.

- Served as a conduit for government surplus food to pantries and soup kitchens serving the area.
- Provided budget counseling that includes money management, debt management and financial planning to area households.
- Assisted 8 Holderness residents who were homeless or in imminent danger of homelessness.
- Provided information and referral to Holderness residents regarding matters such as legal problems, landlord-tenant disputes, emergency home repairs, health-medical resources, transportation and electric utility assistance and conservation programs.

With your help, we anticipate being able to provide at least the same level of services to Holderness this year. Through 1/31/97 we have obligated $9,525 in Fuel Assistance benefits to 29 Holderness households. Several more applications are in progress.

NEW HAMPSHIRE HUMANE SOCIETY REPORT

The 1996 totals of the number of animals brought to the New Hampshire Humane Society from your town are as follows:

By your Animal Control Officer:

Dogs & Puppies:	6	Returned to Owner:	5
Cats & Kittens:	0	Returned to Owner:	0
Stray Other:	0	Returned to Owner:	0
Total Received from ACO:	6		

From Residents

Dogs & Puppies:	17		
Cats & Kittens:	12		
Strays dogs from residents:	0	Returned to Owner:	0
Stray cats from residents:	4	Returned to Owner:	0
Stray Other from residents:	0	Residents other:	3

Total received from Residents: 36

Total number of ALL animals received: 42

Your Society's shelter has been inspected and licensed by the State and fulfills your animal shelter requirements. Every town has stray animal problems and we encourage your town and especially your Animal Control Officer to call upon us in 1997 if you have any questions.

Respectfully submitted,
Mark J. Ackerman
Executive Director

GRAFTON COUNTY COMMISSIONER'S 1996 REPORT

The Grafton County Board of Commissioners is pleased to present the following reports and financial statements. We hope they will increase your understanding of Grafton County's finances and operations and assure citizens that their County tax dollars have been expended wisely.

During FY 1996, funds received exceeded the Budget by $895,242.84 for a total of $16,366,912.84 in actual County revenues. This was primarily due to the receipt of Medicaid Proportionate Share Payment, given by the Federal Government to partially offset the cost of serving a disproportionate share of Medicaid recipients at the Grafton County Nursing Home. The actual Medicaid Proportionate Share Payment was $377,952. Actual expenditures totaled $15,797,915.10, which was $324,245.10 more than had been budgeted. The over-expenditure was due to the County's payment to the State which allowed us to receive the Medicaid Proportionate Share Payment.

Expenditures for Medical Referee, Dispatch Center, County Jail, Wage & Benefit Adjustment, were over budget, but all other departments were well under their budgeted amounts.

The bottom line for FY 1996 shows that revenues exceeded expenditures by $568,997.74, leaving the County in a sound financial position at the end of its fiscal year. The Commissioners feel extremely proud of this financial picture, which exemplifies good management by all County department heads, both elected and appointed.

Grafton County experienced some major occurrences during FY 1996, some of which were: the formation of the Grafton County Regional Economic Development Council and its Board of Directors; the December hostage situation at the Grafton County Department of Corrections; the Whole Village Family Resource Center, Inc. project was completed with 12 agencies being housed inside the facility in Plymouth; the Grafton County Nursing Home became Medicare certified as of November 1, 1995; the Grafton County Department of Corrections became a smoke-free facility on January 1, 1996; the E-911 System came on line at the Grafton County Sheriff's Department Dispatch Center in July of 1995; long-time Dietary Supervisor Edna Bowley retired in December; the electronic monitoring program at the Grafton County Department of Corrections continues to grow as well as its new, expanded Drug Freedom Program, which is funded by a grant through the Attorney General's Office.

All other County departments were extremely busy during FY 1996. The County Treasurer continues to do an excellent job in investing County funds, and investment income exceeded the County Budget figure by $45,797.26. The County Attorney performs well in his office and the number of backlogged cases has been reduced drastically. His relationship with local law enforcement agencies has improved the overall operations of that office. Once again, the activity in the Sheriff's Department, through Dispatch, increases with activity yet remains as effective and efficient as always. Carol Elliott, Register of Deeds, and her staff also continue to

be overwhelmed with work and do an excellent job to generate a great deal of revenue for Grafton County and the State of New Hampshire.

For FY 1996, the Commissioners concluded with preparation of the FY 1997 County Budget, which was adopted by the County Legislative Delegation in late June.

The Grafton County Boar of Commissioners holds regular weekly meetings at the County Administrative Building on Route 10 just north of the County Courthouse in North Haverhill, with periodic tours of the Nursing Home, Department of Corrections, County Farm, and Courthouse. The Commissioners also attend monthly meetings of the Grafton County Executive Committee. All meetings are public, with interested citizens and members of the press encouraged to attend. Call the Commissioners' Office at 787-6941 to confirm date, time and schedule.

In closing, we wish to express our appreciation to all staff members, elected officials, other agency personnel, and the public for their efforts in serving the citizens of Grafton County.

Respectfully submitted,
GRAFTON COUNTY COMMISSIONERS
Barbara B. Hill, Chair (District 1)
Steve Panagoulis, Vice-Chair (District 3)
Raymond S. Burton, Clerk (District 2)

GRAFTON COUNTY SENIOR CITIZENS COUNCIL, INC. ANNUAL REPORT 1996

Grafton County Senior Citizens Council, Inc. works through it local programs to enhance the health and well being of our older citizens and to assist them to remain independent in their own homes and communities for as long as possible. Through eight locations throughout the County, including Plymouth, Bristol, Canaan, Lebanon, Orford, Haverhill, Littleton and Lincoln, older adults and their families are able to obtain services such as home delivered meals, senior dining room programs, transportation, social work services, information and referral, health and educational programs, adult day care, recreation and opportunities to be of service to the community through volunteering.

During 1996, 54 older residents of Holderness were able to make use of one or more of GCSCC's services. These individuals enjoyed balanced meals in the company of friends in a senior dining room, received hot, nourishing meals delivered to their homes by caring volunteers, were transported to health care providers or other community resources by our lift-equipped buses, and found opportunities to put their talents and skills to work for a better community through volunteer service. The cost to provide these services for Holderness residents was $16,066.59.

Community based services provided by GCSCC and its many volunteers for older residents of Holderness were often important to their efforts to remain in their own homes and out of institutional care despite chronic health problems and increasing physical frailty, saving tax dollars and contributing to the quality of life of our older friends and neighbors.

GCSCC very much appreciates the support of the Holderness community for services which enhance the independence and dignity of our older citizens and assists them to meet the challenges of aging in place.

Respectfully submitted,
Carol W. Dustin
Executive Director

COMPARATIVE INFORMATION

From Audited Financial Statement for GCSCC,Inc.
Fiscal Year 1995/1996
October 1 to September 30

During this fiscal year, GCSCC served 54 Holderness residents (out of 250 residents over 60, 1990 Cencus).

Units of Service Provided

Congregate/Home Delivered Meals	2285
Transportation	696
Adult Day Service	0
Social Services (1/2 Hours)	28

Number of Volunteer Hours: 2069

GCSCC cost to provide services for Holderness residents only	$16,066.59
Request for Senior Services for 1996	$1,980.00
Received from Town of Holderness for 1996	$1,980.00
Request for Senior Services for 1997	$1,980.00

EXECUTIVE COUNCILOR'S REPORT

It is an honor to report to you as a member of the New Hampshire Executive Council. The Executive Council is five in number and serves much like a Board of Directors at the top of your Executive Branch of State Government in Concord. We vote on most contracts over $2,500 to outside agencies, individuals and municipalities; also major permits to use state waters; 267 unclassified positions as Commissioners and Directors within the Executive Branch of State Government; and the entire Judicial Branch of the NH State Government is voted in by the Governor with the advice and consent of the Executive Council. We also vote on gubernatorial nominations of hundreds of citizens to various boards and commissions as prescribed by NH Law.

Anyone desiring further information should write or call our State House Office (listed below).

Citizens in this region should be attentive to several projects:

1. The statewide Health Care Council's 18 month planning project will be coming to conclusion in December of 1997. There are three very active Councils in this District. Information can be obtained by calling Commissioner Terry Morton, Department of Health and Human Services at 1-800-852-3345.

2. The ten year highway planning process will be underway this coming summer and fall. I will be conducting at least three hearings in this district to ascertain regional needs. Information on this project can be obtained by calling Commissioner Leon Kenison, Department of Transportation at 271-3735.

3. The NH Joint Tourist Promotional Program will, I expect, be funded at least with $500,000 to be matched by local Chamber of Commerce and tourists groups to promote your region. Information on this program is available from Commissioner Robb Thomson, Department of Resources and Ecomonic Development at 271-2411.

4. There is approximately $172,000 waiting to be matched by local economic development promotion dollars from local groups. Information can be obtained on this program for Director Norman Storrs, Economic Development at 271-2341.

5. There is about 10 million dollars waiting for applications from local governments for Community Development Block Grants to improve you local town and area. Information on how to apply can be obtained by calling Director Jeff Taylor, Office of State Planning at 271-2155.

6. Local towns, cities, counties and eligible organizations should be aware of the large Federal and State Surplus Distribution Programs (the state surplus distribution center is open to the public at White Farm on Clinton Street in Concord, NH on Mondays, Wednesdays and Fridays. Further information may be obtained by calling Supervisor Art Haeussler, Surplus Distribution at 271-2602.

7. Citizens and groups concerned with disabilities should be aware of the large number of services available from the Developmental Disabilities Council by calling Director Allan Robichaud at 271-3236.

8. The Department of Enviromental Services covering water, sewers, air, lakes and rivers has available information and financial resources by calling Commissioner Robert Varney or Assistant Commissioner Dana Bisbee at 271-3503.

9. The Department of Health and Human Services including elderly, mental health, human services, public health, drug and alcohol abuse are all under Commissioner Terry Morton at 1-800-852-3345.

Our State Government is small, effective and efficient. It is amazing how many services, both technical information and financial assistance, are available to eligible applicants and for proposals.

Please call my office at any time. I am at your service!

Raymond Burton

MINUTES OF THE HOLDERNESS SCHOOL DISTRICT MEETING
March 20, 1996

The annual meeting of the Holderness School District was called to order at 7:00 P.M. by Moderator "Tink" Taylor. Ross Deachman moved, Olive Staples seconded, to waive reading the warrant in its entirety. Voted in the affirmative.

The Moderator then read the school board election results: Peter Francesco was reelected to a 3 year term on the board, Kathy Wittemore was reelected as District Treasurer, Tink Taylor reelected as Moderator on a write-in, and Nancy Ruhm was reelected as Clerk, also on a write-in; the Moderator nominated Jane Bjerklie-Barry as temporary School District Clerk, there being no objection to replace Nancy Ruhm who is resigning her position at the conclusion of this meeting.

Mike Hayes recognized to lead in the Pledge of Allegiance. Business then moved to the warrant:

ARTICLE l: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

Mike Hayes moved, Peg Winton seconded. The vote was in the affirmative to accept all reports as printed in the town report.

ARTICLE 2: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

Ross Deachman moved, Fran Taylor seconded. Vote in the affirmative.

ARTICLE 3: To see if the District will vote to authorize the School Board to place up to the amount of Ten Thousand Dollars ($10,000) available from the FY 1995-1996 fund balance into the District's capital reserve fund for special education. The School Board and Budget Committee recommend this article.

Olive Staples moved, Paul Montour seconded. Vote in the affirmative.

ARTICLE 4: To see if the District will vote to approve the cost items included in the recently negotiated two year collective bargaining agreement reached between the Holderness School Board and the Holderness Education Association which calls for the following increases in salaries and benefits:

Year Estimated	Increase
FY 1996-1997	33,063
FY 1997-1998	37,673

and further to raise and appropriate the sum of Thirty-Three Thousand Sixty-Three Dollars ($33,063) for the 1996-1997 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. (The School Board and Budget Committee recommend this appropriation.)

Anne Hunnewell moved, Fran Taylor seconded. Vote in the affirmative. In response to questions, the Moderator advised that this meeting could only bind the District to the ensuing school year and that step two of the teacher pay raise would have to be ratified at the 1997 meeting.

ARTICLE 5: To see if the District will vote to raise and appropriate the sum of Two Million Four Hundred Eighty-Eight Thousand Four Hundred Ninety Dollars ($2,488,490) for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District which also includes the sums found in Articles 3 and 4. The School Board and Budget Committees recommend this article.

Fran Taylor moved, Olive Staples seconded. An amendment was offered by Anne Hunnewell, seconded by Esther Horstmann, to strike from the article, "the sum of Two Million Four Hundred Eighty-Eight Thousand Four Hundred Ninety Dollars ($2,488,490)" and replace with "the sum of Two Million Five Hundred Eight Thousand Four Hundred Ninety Dollars ($2,508,490) representing a $20,000 increase to the budget for purposes of restoring the Reading Recovery program". After discussion of the amendment, this amendment was passed. In response to another question, the Moderator advised that the Board had statutory authority to adjust specific items within the total budget, so were not bound to reinstitute Reading Recovery. But he felt they would, based upon the amendment just passed. There being no further discussion, a vote was then taken on Article 5 as amended, and it passed by unanimous vote.

ARTICLE 6: To transact any further business which may legally come before the meeting.

School Board member Patti Biederman expressed her thanks to outgoing School District Clerk Nancy Ruhm for her 13 years of service.

Ross Deachman moved and Mike Hayes seconded to adjourn the meeting. So voted and the meeting was adjourned at 7:27 P.M.

Respectfully submitted,
Nancy J. Ruhm
School District Clerk
(resigned)

SCHOOL DISTRICT WARRANT
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Holderness in the County of Grafton, State of New Hampshire, qualified to vote upon District Affairs:

You are hereby notified to meet at the Holderness Central School in said District on Wednesday the nineteenth day of March, 1997, at 7:00 o'clock in the evening to act upon the following subjects:

ARTICLE 1: To see if the District will vote to raise and appropriate the sum of sixty-five thousand dollars ($65,000) to purchase land abutting the school property and the building, known as "That Stuff" Building, situated on the land, and to authorize the issuance of not more than $65,000 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA Chapter 33) and to authorize the School Board to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The School Board and the Budget Committee recommend this appropriation. (2/3 ballot vote required.)

ARTICLE 2: To see what action the District will take relative to the reports of agents, auditors, committees or officers.

ARTICLE 3: To see if the District will vote to authorize the School Board under RSA 198:20-b to apply for, accept and expend, without further action of the School District meeting, money from any source which becomes available during the fiscal year provided that such expenditures be made for purposes for which a school district may appropriate money and that such expenditures not require the spending of other school district funds.

ARTICLE 4: To see if the District will raise and appropriate the sum of $10,000.00 for the purpose of purchasing materials and equipment for the completion of the playground at the Holderness Central School. The School Board and Budget Committee recommend this article. (Submitted by Petition) (Majority vote required)

ARTICLE 5: To see if the District will vote to raise and appropriate the sum of two million six hundred five thousand four hundred forty-two dollars ($2,605,442) for the support of schools, for the salaries of school district officials, employees and agents and for the payment of statutory obligations of the District which also includes the sums found in Articles 1 and 4, and includes sums previously approved for teacher salaries. The School Board and the Budget Committee recommend this article. (Majority vote required.)

ARTICLE 6: To discuss Senate Bill 2 which will be voted on by official ballot at the polls on March 11, such ballot question to read: "Shall we adopt the provisions of RSA 40:13 to allow official ballot voting on all issues before the

Holderness School District?" (Submitted by Petition) The School Board does not recommend this article. (60% vote required.)

ARTICLE 7: To transact any further business which may legally come before the meeting.

Given under our hands this **4th day of March in the year of our Lord nineteen hundred and ninety-seven.**

HOLDERNESS SCHOOL DISTRICT INDEPENDENT AUDITOR'S REPORT 1996

We have audited the accompanying general-purpose financial statements of the Holderness School District as of and for the year ended June 30, 1996, as listed in the table of contents. These general-purpose financial statements are the responsibility of the Holderness School District management. Our responsibility is to express an opinion on these general-purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards; *Government Auditing Standards,* issued by the Comptroller General of the United States; and the provisions of Office of Management and Budget Circular A-128, "Audits of State and Local Governments." Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general-purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general-purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The general-purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amounts that should be recorded in the General Fixed Assets Account Group are not known.

In our opinion, except for the effect on the general-purpose financial statements of the omission described in the preceding paragraph, the general-purpose financial statements referred to above present fairly, in all material respects, the financial position of the Holderness School District as of June 30, 1996, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards,* we have also issued a report that is dated October 11, 1996 on our consideration of the Holderness School District internal control structure and a report that is dated October 11, 1996 on its compliance with laws and regulations.

Our audit was conducted for the purpose of forming an opinion on the general-purpose financial statements taken as a whole. The individual and combining fund financial statements and schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of general-purpose financial statements of the Holderness School District. Such information has been subjected to the auditing procedures applied in the audit of the general-purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general-purpose financial statements taken as a whole.

GRZELAK AND COMPANY, P.C., CPAs
Laconia, New Hampshire

A copy of the Audit of the 1995-1996 School District financial transaction may be reviewed at the Superintendent of Schools' Office.

HOLDERNESS S CENTRAL SCHOOL PRINCIPAL'S ANNUAL REPORT 1997

The new school year is now well under way and it has been a busy season with many exciting projects having been already completed and even more planned for the spring.

This years Artist in Residence was the biggest ever, nearly 100 students, 5 artists, over 30 parent volunteers and our entire middle school staff came together for an exciting evening of air sculptures, music, dance and theatre. This major event marked the completion of one lull cycle of residencies. The school plans to do a major middle school event every three years, ensuring that all students can have an experience of this type.

Last spring, Mrs. Chase coordinated a community health fair that was enjoyed by students and staff during the day and opened to the public during the evening hours. This health fair marked the beginning of a year long school theme, wellness.

Again, this spring we will be having the Middle School Academic Fair where student topics will relate to the school theme. The scheduled date for this event is April 24th, we hope that you will be able to visit the school that night to review the students' projects.

I want to also report that Mrs. Green, our Food Service Director, has started a breakfast program this year. At this time, the menu is limited to cold cereal, juice, milk, fresh fruit, and bagels. However, as the demand grows, we hope to expand the offering. As with the lunch program, students who qualify, can receive free and reduced priced breakfast.

In 1994, we started recognizing students who qualified for the Presidents Academic Fitness Award. For a student to qualify for this award, they must earn an A-, or better average throughout their middle school year, and must score at, or above the 85th percentile on the California Achievement Test. Last June, 4 students received this award, bringing the total number of Presidential Fitness recipients to 31.

As I have said many times, Holderness Central School is a very special place that all people in this community can take pride in. As always, if you have any questions or suggestions about the school or programs, please stop by. We welcome your input.

Respectfully submitted
Robert D. Tremblay
Principal

HOLDERNESS CENTRAL SCHOOL
SCHOOL NURSE'S ANNUAL REPORT

Holderness Central School was a fairly healthy place during the school year of 1995-1996. Reported communicable diseases of chicken pox, impetigo, pediculosis and strep throat were down considerably.

In October 1995, health physicals were conducted on 31 students in grades 5 and 7 and on new students in grades 6 and 8 by the school physician, Dr. David Cunis.

On site flu vaccines were offered to the staff and faculty in November, 1995, with twenty-five staff members participating.

Holderness Central School students once again met the State Immunization Laws. A report was sent to the NH Division of Public Health in November 1995, which indicated that all new and transferred students were in compliance with all immunization requirements.

In January 1996, the dental health program was held with 82 students participating. Oral examinations and dental cleanings along with instructional material was given by Mrs. Barbara Laverack, RDH.

A Community Health Fair was held on March 21, 1996, for all HCS students, parents and friends of the Holderness community. The theme of the fair was Nutrition. The following people from the community provided a booth or participated in some way: Dr. David Livingston, Orthodontist, Dr. Daniel O'Neill, Orthopaedic and Sports Medicine, Dr. Philip Cerveny, DDS, represented by Barbara Laverack, RDH, provided dental information. Speare Memorial Hospital provided laboratory testing of blood cholesterol and blood pressure checks. The dietary and physical therapy departments were also represented. The NH Municipal Association, Health Insurance Trust provided total body fat calibration. Pemi Baker Home Health provided blood glucose testing. The Fitness Depot held an aerobics demonstration. The NH Red Cross provided manikins for the 8th grade class to demonstrate CPA. The Holderness PTO provided healthy snacks for all to enjoy. The event was well attended by the Holderness community.

The annual mumps, measles and rubella immunization clinic was held on March 25, 1996. Twenty-four 6th grade students received their immunizations from the Pemi Baker Health Agency, Margaret Meyer AAPN and Phyllis Chase AN.

High school sport physical exams were given to seventeen 8th grade students on April 29, 1996, by Dr. David Cunis with assistance from Phyllis Chase AN.

The pre-school vision and hearing clinic was held on May 8,1996, for all 4-6 year olds at the Plymouth Congregational Church. On May 14 and 15,1996, preschool screening was conducted for 25 incoming kindergartners.

As the School nurse, I am available as a resource person to students, parents, and teachers. Heights, weights, screening tests for hearing, vision, scoliosis and blood pressures as well as head lice checks are done throughout the school year

with referrals sent home as necessary.

I wish to thank all school personnel, parents and volunteers for their support and cooperation in carrying out our health programs. When a student comes to school in good health, their learning and physical skills improve along with a decrease in school absences.

Respectfully submitted
Phyllis Chase RN
School Nurse

SUPERINTENDENT'S REPORT
1996-1997

It is with pleasure that I respectfully submit this annual report as Superintendent of Schools. I have chosen the following areas of emphasis:

1. High standards for all students
2. Crowding
3. School-To-Work
4. School Education Improvement Committees

Our teachers and administrators have committed themselves to providing high standards for all students. In order to do this, there must be quality instruction in the classroom and students need to know clearly what it is they need to learn. We have approached this effort by hiring the best teachers available and by establishing quality K-12 curricula. An excellent example of this is our K-12 math curriculum which will be completed by the end of the summer. It clearly delineates the skills that children should learn in each grade and then builds on those skills in subsequent grades. There is no ambiguity. In addition, eventually all of our curricula will match the New Hampshire Assessment and Education Improvement Frameworks as well as objectives found on standardized tests. To insure quality instruction we observe and evaluate staff vigorously and provide positive reinforcement as well as specific recommendations for improvement. The SAU also provides teacher training to better help teachers understand learning styles as well as a variety of instructional methods in order to challenge and stimulate students' learning.

Thornton was able to start using two new classrooms this fall. Presently one is for Kindergarten and the other for Grade 4. Additional space has provided a more serene environment for our students and provided room for the many learning activities that require space.

Three of our schools are experiencing crowding as well as lack of classroom space in general. The Rumney School Board has appointed a building committee to look at the problems associated with lack of space as well as to deal with issues connected with Americans with Disabilities Act and Fire and Life Safety Codes. Much of the infrastructure of the school is deteriorating, such as the pipes (they are rotting out), poor ventilation, and asbestos issues. There is not sufficient space for the school's program in the areas of computers and technology and special education. In fact it is even difficult to find space to have a one on one conversation with a parent or teacher or student. The Rumney School Board hopes that the committee will have a report and recommendations available to the public by the winter/spring of 1998.

In Wentworth the building committee is looking at the need for a multi-purpose room and the needs of the art and music programs. The library is also a priority because it is only available to students a few hours a week because it is located in the gymnasium. Enrollment has grown rapidly over the past few years

from 60-70 students to nearly 100 which is a large number for a small school. The Board and committee are planning for a proposal in March of 1998.

The high school has experienced rapid growth over the past few years. This has brought us from about 550 students to over 800 presently. These students have been absorbed by using classroom spaces full-time and changing spaces to meet needs such as converting a home economics room to a science lab. We expect to grow from 800 to over 900 students in the next two to three years. This growth will make it impossible to sustain our present programming without appropriate additions and renovations. The high school also has issues related to ventilation, wiring and heat. A bond will be proposed at the annual meeting this March.

School-To-Work or School-To-Career is a concept that advocates application based learning experiences. It is based on a theory that students learn best by doing and when they are exposed to a variety of future career opportunities. We are in the process of identifying businesses that are willing to work with the school to provide locations for shadowing and mentorships. In addition, we are gathering information from the business community regarding how classroom instruction can be more practical and relevant. To a person our business community has said "give us young men and women who have strong interpersonal skills, who can read, write and speak well and have a solid understanding of mathematics and technology." This is what colleges want too. They want students who can apply information successfully in a practical and relevant manner. You will be hearing more about School-To-Work and how it connects to the future.

You should also be aware that each school within the SAU has formed a District (School) Education Improvement Committee. Although the committee may go by a different name in each district, they all function the same way. They meet monthly with the principal and discuss relevant issues regarding the school. Participants also assist in making suggestions for improvements to the school, its program and other activities. Membership is open. If you are interested please contact your principal.

Our curriculum is developed on a K-12 basis across the SAU. A variety of teachers with expertise in a given area work on the curriculum with input from college professors or other people who also have expertise in that particular area. Starting this past fall these committees were open to any member of our communities who wish to work with teachers on a specific curriculum. Each fall the subject areas being worked on are advertised in the local newspaper asking for people who may be interested. Presently we are working on social studies, technology and will be starting science. If you are interested in serving on these committees please contact us.

As always I am grateful to the contributions that Plymouth State College makes to our school system as well as our community members, board members, professional and support staff in our schools. There is a strong desire in our communities for quality education which is refreshing and I am deeply appreciative of the support and encouragement that many of you have extended to me.

Sincerely,
John W. True, Jr.

THE STATE OF NEW HAMPSHIRE
HOLDERNESS TOWN WARRANT 1997

To the inhabitants of the Town of Holderness in the County of Grafton and State of New Hampshire qualified to vote in Town affairs:

You are hereby notified to meet at the Town House on Tuesday the eleventh of March next, at eight o'clock in the forenoon, at which time the polls shall be opened and shall not close earlier than seven o'clock in the afternoon to act upon the following subjects, the fifth and subsequent Articles to be acted upon commencing at seven o'clock in the evening of the following day, the twelfth day of March, in the auditorium of the HOLDERNESS CENTRAL SCHOOL.

ARTICLE 1: To choose all Town Officers by official ballot:

Selectman	3 yr. term	Fire Ward	3 yr. term
Town Treasurer	1 yr. term	Moderator	2 year term
Two Library Trustees	3 yr. term		
Trustee of Trust Fund	3 yr. term		
Overseer of Welfare	1 yr. term		

ARTICLE 2: To see if the Town will vote by official ballot on the amendments to the existing Zoning Ordinance as proposed by the Planning Board.

ARTICLE 3: Shall we modify the elderly exemptions from property tax in the town of Holderness, based on assessed value, for qualified taxpayers, to be as follows: for a person 65 years of age up to 75 years, $10,000.00 ; for a person 75 years of age up to 80 years, $15,000.00 ; for a person 80 years of age or older $20,000.00 To qualify, the person must have been a New Hampshire resident for at least 5 years, own the real estate individually or jointly, or if the real estate is owned by such person's spouse, they must have been married for a least 5 years. In addition, the taxpayer must have a net income of not more than $13,400.00 or, if married, a combined net income of less than $20,400.00 excluding the value of the person's residence. [Approval recommended by the Selectmen]

ARTICLE 4: Shall we adopt the provisions of RSA 72:35,IV for an optional property tax exemption on residential property for a service-connected total disability? The optional disability exemption is $1,400, rather than $700. [Approval recommended by the Selectmen]

ARTICLE 5: To accept the report of all Town Officers and Committees.

ARTICLE 6: To see if the Town will vote to raise and appropriate a sum of One hundred ninety three thousand three hundred fifty dollars ($193,350.) to be placed in the following Capital Reserve Funds:

Highway Truck	9,000
Police Cruiser	14,000
Fire Truck	19,350
Road Reconstruction	145,000
Transfer Station Closure	2,000
Recreation Path	4,000

Recommended by the Selectmen and Budget Committee.

ARTICLE 7: To see if the Town will vote to raise and appropriate One hundred seventy five thousand dollars ($175,000.00) for improvements to Lane Road to make it conform to Town road standards in connection with the conditional layout thereof by the Selectmen and to authorize the withdrawal of $175,000. from the Road Reconstruction Capital Reserve Fund as an offset against said appropriation. Pursuant to RSA 231:28-33, this layout will be conditioned upon payments of betterment assessments by those abutting, served by, or benefited by the layout in such amounts and over such period of time as may be determined by the Selectmen during layout proceedings. The Selectmen are further authorized to take such actions as they deem necessary to accomplish the lay out of the road, including the acceptance of any deed or easements regarding the alteration of existing rights-of-way or proposed roads, and the exercise of eminent domain powers if needed. Recommended by the Selectmen and Budget Committee.

ARTICLE 8: To see if the Town will vote to create a Capital Reserve Fund under the provisions of RSA 35:1 for the Library Building Fund and to raise and appropriate the sum of seven thousand dollars ($7,000.00) to be placed in this fund and to authorize the withdrawal of two thousand five hundred dollars ($2,500.00). The Selectmen are to be the agent to expend the monies in the trust. Recommended by the Selectmen and the Budget Committee.

ARTICLE 9: To see if the Town will vote to appropriate the sum of sixty-five thousand dollars ($65,000.00) to purchase a new Highway Truck and authorize the withdrawal of said funds from the Capital Reserve Fund created for that purpose. Recommended by the Selectmen and the Budget Committee.

ARTICLE 10: To see if the Town will vote to appropriate the sum of twenty two thousand seven hundred dollars ($22,700.00) to purchase a Police Cruiser and to authorize the withdrawal of said funds from the Capital Reserve Fund created for that purpose. Recommended by the Selectmen and Budget Committee.

ARTICLE 11: To see if the Town will vote to authorize the Selectmen to enter into a 5 year lease purchase agreement for a generator for the Fire/Police Station, and to raise and appropriate the sum of three thousand nine hundred twelve ($3,912.00). Recommended by the Selectmen and Budget Committee.

ARTICLE 12: To see if the Town will vote to appropriate the sum of ten thousand dollars ($10,000.00) to apply towards the lease payment for the Highway Grader and to withdraw said funds from the Grader/Loader Capital Reserve Fund. Recommended by the Selectmen and Budget Committee.

ARTICLE 13: To see if the Town will vote to appropriate the sum of two thousand dollars ($2,000.00) and authorize the withdrawal of said funds from the Land/Building Acquisition Capital Reserve Funds for studies and plans for use of the old Fire Station Building. Recommended by the Selectmen and Budget Committee.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of three thousand dollars ($3,000.00) to assist in the refurbishing of the Holderness Historical Society meeting hall. Recommended by the Selectmen and Budget Committee.

ARTICLE 15: Shall the town accept the provisions of RSA 202-A:4c providing that any town at any annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the public Library Trustees to apply for, accept, and expend, without further action by the town meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year?

ARTICLE 16: To see if the Town will vote, pursuant to RSA 202-A:4d to authorize the library trustees, indefinitely, until rescinded, to accept gifts of personal property other than money, which may be offered to the library for any public purpose, provided, however, that no acceptance of personal property by the library trustees shall be deemed to bind the town or the library trustees to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of such personal property. Prior to accepting any such gift worth more than $5,000. the library trustees shall hold a duly noticed public hearing.

ARTICLE 17: To see if the Town will vote to authorize the Selectmen to accept options on real property on behalf of the Town under such terms and conditions as they deem appropriate, to be effective until a Town Meeting determines whether to accept conveyance thereof.

ARTICLE 18: To see if the Town will vote to create and expandable trust fund pursuant to RSa 31:19-a, V for the purpose of maintaining health insurance funds for the benefit of retired Town employees and raise and appropriate the sum of one dollar ($1.00) to be placed in said fund. The Selectmen as trustees thereof with authority to expend moneys in the fund for its purposes in accordance with rules and procedures established by the Selectmen.

ARTICLE 19: To see if the Town will vote to raise and appropriate the sum of One million eight hundred eighteen thousand one hundred fifty three dollars ($1,818,153.00) which represents the posted operating budget. Said sum does include special and individual articles addressed. Recommended by the Selectmen and Budget Committee.

Given under our hands this 18th day of February in the year of our Lord nineteen hundred and ninety-seven.

Claudia Goodwin
Steven Huss
William Webb
Holderness Board of Selectmen

We, the undersigned Selectmen of the Town of Holderness, New Hampshire do hereby certify that on the 18th day of February, 1997 we posted an attested copy of the foregoing Warrant at the Holderness Town House, the Holderness Central School, the place of the meeting, and like copy of said Warrant at the Holderness Post Office, a public place in said Town of Holderness.

Dated this 18th day of February, 1997.
